

Admissions and Attendance Policy

New Level Academy is a DFE-registered school, currently in the process of changing the age range from 13-19 to 11-19.

Admissions Procedure

Admission to New Level Academy is usually by referral from a supporting organisation - i.e. school, Local Education Authority (LEA) - which is likely to also be the funder for the place. Prior to any student interview, the organisation must complete a referral form. The following information should be provided on this form:

- the reasons for the referral
- details of students attainment at Key Stages 1, 2 and/or 3
- for KS4 students, GCSE predicted grades
- details of any special educational needs

If the student has an Education, Health and Care Plan or any reports from relevant professionals, such as an Educational Psychologist's report, these should be sent to New Level Academy alongside the referral form.

Admission is conditional upon a successful interview with a young person, their parents/carers, and a representative of the referring organisation. The young person must sign the Student Conduct Agreement to indicate that they agree with, and will abide by, the school rules.

At the referral meeting, parents/carers will need to fill in a form providing information and consent around the following issues:

- Known medical issues
- Medication and whether this will need to be taken at school
- Allergies
- Consent for medical treatment in the event of an emergency
- Consent for photography
- Consent for school trips
- Consent for sex and relationship education (until July 2020); consent for sex education (from Sept 2020). Parents/carers are also invited to:
 - o give their opinions on the content of sex and relationship education at New Level Academy; and
 - o opt for their child to receive sex and relationship education in single-sex groups.
